## Editor's Note

### **Salutations!**

*Just a year ago, I was looking for a new challenge and here I am participating and eagerly awaiting my first club president's installation ceremony which is the 20th for my club.*

*On behalf of Club, we, the Organizing and the Editorial team, convey our sincere appreciation to you all for joining in our celebration today. We extend our special gratitude to all our Partners in service, Advertisers, Sponsors and all our friends, for the generous financial contribution which enables us to do those small but impactful projects in our communities. We would like to acknowledge, in a special way, all the members who have contributed their resources towards this installation ceremony and in the production of this magazine. We are forever indebted.*

*Today, as we witness yet another voluntary and peaceful change of Rotary leadership, we congratulate President Paul Nampala for taking on the mantle of our Club as the Change Maker President 2021/2022. We reaffirm our concerted support and we pledge our diligent service.*

*We also take this opportunity to acknowledge with sincere appreciation the Outgoing Opportunity President Elizabeth Ssempebwa with her entire Board for a job successfully done. Thank you for making our Club stronger and more visible.*

*We have been inspired to garner all our efforts so that collectively, we aspire to "Serve to Change Lives". May the Good Lord bless all our endeavors. Amen.*

# MESSAGE FROM ROTARY INTERNATIONAL PRESIDENT

## Shekhar Mehta

Namaste. Hello, the movers and shakers of Rotary around the world. You, the DGEs, are the movers, and I am Shekhar.

Today you are taking a very important step in your journey of service and leadership. The forthcoming months will be the most amazing, fruitful months in your life. You can turn this period into the most satisfying period of your life. During this period, I urge you to dream big,

guided by our shared vision for Rotary. You will plan and set goals, inspire and motivate Rotarians to reach goals to expand the reach of our organization by increasing membership, and goals to increase the impact of Rotary by

serving the world. And in this journey, you will play a stellar role as you share your goals with Rotarians and Rotaractors in your district and inspire them to “do more and grow more.” Friends, this will be our guiding mantra. “Do more” as in bigger and impactful service projects, and “grow more” as in increasing our membership and expanding the participation.

Membership, friends, continues to be our biggest challenge. For the last 17-plus years, our membership has been at 1.2 million. Together let us change that. My dear change-maker governors, here is your opportunity to make the biggest change in Rotary history as far as membership is concerned.

But that’s too big a dream, you may say. Well, if I ask you to dream big, I have to lead from

the front. One of my inspirations comes from what George Bernard Shaw said. He said, “You see things; and you say ‘why?’ But I dream things that never were; and I say ‘Why not?’ ”

So, friends, the dream is to increase our membership to 1.3 million by 1 July 2022!

I urge you, wherever you are seated, to put your hand on your heart and pledge with me:

**“WE HAVE THE POWER  
AND THE MAGIC TO  
SERVE  
TO CHANGE LIVES”**

So, my dear change-makers, are you ready? Are you ready for the big challenges? Are you ready to serve? Are you ready to change lives?

I am, and I’m sure you are too. Together, let us Serve to Change Lives.

# MESSAGE FROM DISTRICT GOVERNOR

*John Magezi Ndamira*

*D9213 (Uganda) 2021-2022*

***Dear President Elect Paul Nampala,***

***Congratulations to you on assuming the highest position in your club.***

I wish to congratulate President Paul Nampala for an outstanding contribution to the community, for you demonstrated that Rotary Opens Opportunities.

It is an honor to be given the opportunity to lead your Rotary Club. You have been found worthy of the position and now the District leadership and members of your club have their eyes on you as you take the club to the next level in this one year of service. It is only one year, but what you do with it will live on for decades on end. It is a year in which we must all purpose to offer the kind of service that will change lives. A year in which you must rally everybody behind you and lead from the front to make a difference in our communities. You have made club plans, now it is time to guide your team to the achievement of goals and let the communities feel the warmth of your presidency.

Our Rotary Theme for the year 2021-2022 is "Serve to Change Lives". Service, in whichever form it may be, brings meaning into the lives of those who would not be served unless someone

took the initiative. As Rotarians, we have built a reputation in the world as people of action who have committed time and resources to serve our communities. RI President (2021-22) Shekhar Mehta calls upon us to "Do more and Grow more". You can "Do more" as in bigger and impactful service projects, building on the legacy of good stewardship and great experience our District has in implementing global grants. I particularly invite you to lead your club participate in the flagship project, the Maternal and Child Health programme. Each one of us has had a role to play in this journey of service, and the year ahead of us offers even more opportunities to continue serving. The Rotary journey is a continuous engagement where each step counts, and the only constant is service. Shekhar Mehta said, "Caring for and serving others is the best way to live" because it changes not only other people's lives, but also our own.

The needs in our communities are immense. It may not be possible to meet all of them but as Mother Theresa said, "We know only too well that what

we are doing is nothing more than a drop in the ocean. But if the drop were not there, the ocean would be missing something.” We need more Rotarians to empower communities, enable positive change and impact lives. Shekhar Mehta calls upon every individual Rotarian “Each One to Bring One” to increase membership and expand participation. More time, more resources and more commitment will change more lives. We shall not get tired of doing more good.

As we do good in our communities however, we should not forget that we

can only serve if we are in a good place ourselves; in good health, happy and nurtured in one way or another. Rotary is a family that looks out for its members. I pray that we shall be there for one another to create Rotary experience that will keep members engaged and retained, to have fun in safe and secure ways that are both legally and morally acceptable. Then serving will not only be rewarding but also enjoyable, as we listen to the good stories of the journey of service under your able leadership.

“

*I look forward to supporting you and all Rotarians as we build strong clubs and Serve to Change Lives.*

”

# MESSAGE FROM OUT-GOING ASSISTANT GOVERNOR

**Harriet Bampeera-Obbo**

*Zone (Area) 4 | District 9211*

As the Rotary year started amidst the COVID-19 pandemic, I knew this is time for our leadership to be tested. It is only during challenging times that leadership is put to test not when all is well. We started the journey not sure how long the pandemic was going to last and quite unsure how we are going to make everything work. One thing we had was the confidence that no matter what we shall not only go through this but we are going to make our mark as we make a contribution to service, a mark that is unique, a mark of resilience, a mark of strength, a mark of service above self, a mark of impactful service to our Clubs, Country, District, Rotary International and to our communities. We therefore had to put on our positive caps and put into play our innovative minds. With our faces masked, sanitisers always at hand, social distancing all the time

we set out in smaller groups this time round to reach out to the communities that needed us more than ever before. We weren't going to stay behind closed doors of our houses after the lockdown was lifted but as true Rotarians this was time to reach out and do impactful service; first by intervening in supporting the communities to address the fight against the killer disease. As we mastered the art we didn't only stop at that but start implementing our set out work plans.

Retaining and later growing our numbers has been key too, telling our story as people of action has been inevitable because every step taken was to be celebrated and we were grateful for the gift of life each morning and thankful for every end of day alive and well. The ability to adapt under the circumstances, engaging our membership and remaining focused on the cause of why we are

Rotarians was on my lips every single day as I reached out to the Presidents and members in my Zone. Deep down and I should say by the grace of God I was not shaken neither was I dismayed, I knew we would make it, we would get real work done and we were not only going to do our very best but we were going to come out stronger, wiser, better, tried, polished and triumphant. But this was going to take commitment by the team in the Zone, focus, hard work, adaptability, a warrior spirit because we had an enemy the pandemic at hand, willingness to learn and implement the lessons picked along the way, a sense of urgency because time wasn't waiting for us and great minds.

I look back and I am thankful to each and everyone who did their work, each member that made a contribution to fulfilling the set out plans; every minute given towards this, every shilling spent, every dollar given, every expertise, skill, talent

and profession put to use. For every challenge faced were learning points and an opportunity for us to prove our leadership and our being Rotarians.

As we get to the closing of an error of opportunities and as we look at the new dawn in a short distance away of service to change lives, lets renew our energies, minds and spirit as we continue to

walk this enjoyable journey of serving mankind and leading the way in what we do best. Remember to pat yourself on the shoulder for all that you do and get fulfillment for every life you touch.

OP Elizabeth, the board and members of RC Kasangati, I have enjoyed working and serving with you.

You have been a resilient

team, committed, willing to learn and utilizing support given, hardworking and focused. I thank you for embracing me as a friend and a member of your team as we served together and as I guided you in the course of the year.

“

***You have done very well as a Club in attaining the set goals of the year.***

”

# MESSAGE FROM IN-COMING ASSISTANT GOVERNOR

**Kaziro Kyambadde PHF**  
**2021-2022**

*It gives me great pleasure, as your incoming Assistant Governor to congratulate you on your installation as the club President of The Rotary Club of Kasangati.*

President Paul Nampala as the year begins our Rotary International President 2021/22 Shekar Mehta encourages us to be more contemporary and adaptable to the environment around us by focusing on partnerships with governments and corporations expanding partnerships with organisations that specialise in Rotary focus areas.

He also encourages us to grow Rotary membership making it a mission for each member to bring one member and create strategies that will retain membership.

We cannot wait to receive yet we can't give. It is through giving that we are able to have impactful projects in communities. Therefore, I encourage all of you to contribute to The Rotary Foundation in all ways. Every dollar counts!

Also, through Rotary we get the chance to empower and impact people's lives which is in line with this year's theme "Serve to Change Lives". Our District Governor John Magezi Ndamira invites you to lead the club in participating in the flagship project of Maternal and Child health programme.

Another pillar in our Rotary fraternity are the Rotaractors whose status has now been elevated. Considering that Uganda has the youngest population with 78% below the age of 30. This behoves us not to forget the youth by mentoring them in all aspects of life and encouraging them to transition to Rotary.

As club members let us talk about the good things, we will execute this year so that the whole world gets to know the good of Rotary.

Finally, I look forward to seeing all of you at the 97 th District Conference and Assembly at the Enashipai Resort and Spa in Naivasha as we celebrate the success of the new district 9213.

As your Assistant Governor, I will be available to offer my guidance, support, and motivation to encourage you achieve your goals. I look forward to serving with clubs that will be driven with passion, innovativeness, and I believe you will successfully utilize all avenue's available to Serve and change Lives.

*I wish you a wonderful year of successful service as we work together  
"Serving to Change Lives in 2021 -2022"*

# MESSAGE FROM OUT-GOING PRESIDENT

## *Elizabeth Ssempebwa*

*Opportunity President (2020-2021)*

Today, on 29th May 2021, as I hand over the mantle of leadership, I want to say “A Big Thank you Lord” for the prayer well answered. The year that started well has ended well. We thank the Lord for the gift of life He has abundantly bestowed on us with our loved ones and the communities we serve.

As the opportunity flight descends, I gladly admit that it has been an adventurous, exciting and astounding journey. The year has blessed us with assorted opportunities to adopt to the new norm where Meetings, Trainings, District Conferences have been more virtual, scientific than physical.

Despite the scourge of Covid 19, our Club has continued to impact on her communities so significantly as to be recognized at the District and other fora. The Kas flag is flying higher and for all the increased visibility, we, as a

club sincerely appreciate all persons for each valuable additional brick.

We are greatly indebted to all our international Partners, namely, Charlie and Terri Main, Rotarian Julian Mutebi & the Rotary Club of San Luis Obispo, USA; Dr. Martin Mather & the Rotary Club of Ifra Combe UK; our Corporate partners BBS Terefayina and Majestic Brands; our local Partners, who included Kasangati Resort, PDG Emmanuel Katongole, Shared Love, Kasangati Health Centre, Esezza Foundation. St Lillian Jubilee Home, Kasangati Market, Kasangati Police, Sir Apollo Kaggwa, Manyangwa, Kampala Sheraton Hotel and all the Opportunity Presidents. Together, they enabled us to accomplish our Projects that made our Club shine and succeed during the year.

I sincerely appreciate all the Members of this mighty Club for the unwavering support,

team work and harmony that has galvanized the success of my leadership. Your timely financial payments towards the Club, District and Rotary International obligations have kept the Club in good standing. Your financial generosity has made it possible for us to undertake all the impactful projects, both small and big, resulting in improving the lives of our communities wherever they are. Thank you all for your generosity and resilience.

In our quest to serve our communities better, the Club has been innovative, fearless and relentless. So has been my Board. I have had a wonderful year because each of my Directors, Officers and Buddy Chiefs was hardworking and responsible. Suffice it to say, I cannot thank my Board well enough for their tenacity and cooperation. In a special way, I appreciate all my Predecessors, the Past Presidents, my Mentor, PP Florence, my lead

Presidential Advisor, PP Julie for their dedication and enthusiasm. I have enjoyed the wonderful mentorship and motherly guidance from our Assistant Governor, Harriet Bampeera Obbo which has enhanced my personal confidence and leadership qualities. The District Governor, Rosette Nabbumba has been a source of inspiration and I have gained tremendously from her leadership.

I am extremely grateful for the valuable support I have always received from my family, led by my dear husband, Honorary member, Professor Edward Fredrick Ssempebwa. Together, our Club has made a tangible mark through the concerted efforts of each person and I am very grateful.

As I warmly welcome my Vice, our Incoming President Paul Nampala into the Pilot's seat, please receive the Gift of a healthy and vibrant Club with a strong membership of 57, 3 due for Induction, 3 Honorary Members and 7 serving beyond the Club. The number of Rotarians serving beyond the Club has increased from 3 [Ronald Kawaddwa, Julie Kamuzze and Sophie Bamwoyeraki] to 7 to include [Paul Nampala, Liz K a l e m e r a , Julian Nyachwo and Elizabeth Ssempebwa].

Lastly, please receive the Rotary Club of Kasangati, well known for the Award Winner of Public Relations in District 9211 and also widely acknowledged for her rich and educative Bulletin, the Teargas.

Change maker President Paul, You have all my blessings, untiring support and guidance as you lead a team of committed, energetic and reliable persons to another level. Challenge them more than I did and they will move mountains.

As you direct us, I implore you to **“Stay Alert and doors will open. You can never know when and where a magic door will open for you, so pay attention, stay watchful, and never give up hope”**.

Jonathan Lockwood  
Huie

*“ Together, let us aspire to inspire others before we expire. Let us go out to change the world as we serve Rotary. Long Live RC Kasangati. ”*

# MESSAGE FROM IN-COMING PRESIDENT

**Dr. Paul Nampala, PHF**

Rotary Year 2021 – 2022

*“Serve to Change Lives”*

*At the Rotary Club of Kasangati, we will “Serve to Change Lives” with a focus on Serving to Grow and Growing to Serve.*

At the Rotary Club of Kasangati, we will “Serve to Change Lives” with a focus on Serving to Grow and Growing to Serve.

I like the message in the epistle by Apostle Paul to the Philippians, and in particular Chapter 2:4 “Each of you should look not only to your own interests, but also to the interests of others.” I now look back and see that growing up as a child, my dear parents made deliberate efforts to inculcate passion for service to society in me and all my siblings. It is largely in part because of this that I made an intentional decision to join Rotary in 2014.

I was invited to Rotary by my brother-in-law (Eng. Ivan Mwendha), the Past President (PP.) Rotary Club of Kampala Central. PP. Ivan wooed my Dear Wife (Mrs. Flavia Nampala) and myself; and introduced us to the

Rotary Club of Kasangati because it was by then the nearest to our home. We were warmly welcomed, and assigned mentors (I was mentored by PP. Peter Mugaga); and after a couple of visits to the Club and engagements with other Rotary Clubs that lasted for six months, we were both inducted as members at a colorful event presided over by Past District Governor Emmanuel Katongole.

Rtn. Flavia has since taken leave in order to give more attention to family engagements. Please note that I did not coerce her to be the one to make time but we had consensus ... and I know at an appropriate time she will return to the club. We both subscribe to Apostle Paul’s ticking-off in Eph. 2:4 handed us in the Ancient Word that is ever true! We have prior to joining Rotary been engaged in several

acts of kindness and service to society. Except we are fully convinced that Rotary (through the well-articulated avenues of service including Club Service, Vocational Service, Community Service, International Service and Youth Service); gives opportunity for structured collative action and early attainment of individual desired outcomes. To us therefore, **“Rotary catalyzes what an individual would desire to achieve at snail-speed and brings to fore the joy of achieving through a fellowship of shared understanding.”**

Since joining RC Kasangati, I have had opportunity to serve as proactive member to all Directorates of the Club, Fundraising Officer, Public Relations Director, Cancer-Run Officer and Vice-President of the Club among others. I am proud to be a Rotarian, and in particular

a member of the Rotary Club of Kasangati – the Club that for the RY 2020/21 has the prestigious award for Public Relations.

I appreciate the warmth and comradery between and among members of my Club. I know that this comes as our second nature and it has been inbuilt to stay. Indeed, unsolicited feedback from within and beyond always gives our Club the hospitality award – we are a welcoming club. For this, I congratulate the Past Presidents of the Club for building an invisible brand based which has to a great extent served as a springboard for several accomplishments.

Our Opportunity President, President Elizabeth and your Board as well as our Assistant Governor, Charter President RC Kisugu – Harriet Bampera-Obbo, I warmly congratulate you for a job very well done. Albeit the global challenge occasioned by COVID – 19, you lead us not to fold our hands but instead innovatively found ways of ensuring that the Club demonstrates resilience to provide service at the hour of need! We probably were busy serving and did not tell our story; otherwise we surely qualify for more trophies as testimonies to the several service projects accomplished and the associated impacts to communities.

As we engaged using the opportunities now at hand towards “Serve to Change Lives”, the Rotary Year 2021 – 22, we are excited as a Club to be part of the twin-birth of Districts 9213 and 9214 with borders closer to us than ever before. I am convinced that this presents us with opportunity to concretize our vision enshrined in our 2019/2022 Strategic Plan - “To be recognized as one of the leading clubs in the District for committed service to communities in need and for effective leadership in advancing world understanding, good will, better friendships and peace.”

We shall in the RY 2021 -22 strive “to provide effective and sustainable community services in our communities.” This we shall do through a continued engagement with a view to institutionalize good practice.

As guided by the Rotary International President Elect, Shekhar Mehta, we shall strive to Do More with a focus to Grow More; and as further guided by our District Governor Elect, John Magezi Ndamira we hope to implement service projects touching all thematic areas with flagships in “Maternal and Child Health”. As a club now celebrating 20 years we envision the following as urgent undertaking that we must pursue:

1. Enhance membership experience and build internal capacity to serve. We can only serve to grow, if we ourselves grow to serve. “As we all serve; we change the lives of not only others; we change our lives too”!
2. Increase The Rotary Foundation (TRF) giving as a Club; and develop at least one global grant project to bolster engagements at our Adopt-a-Village Makukuba.
3. Implement impactful projects covering all Rotary thematic areas as part of institutionalizing good practice with Buddy-Groups engagement
4. Expand portfolio of engagement with Rotaract clubs as part of enhancing youth and vocational services
5. Enhance public image of the Club as well as recognition of Rotary in community - we shall intentionally tell our story of the Club's impact
6. The Rotary Club of Kasangati has over the years worked with several partners both at national and international

levels. We shall strive to strengthen and nurture partnerships as part of our international services engagements.

These are only but generic expositions of our planned activities that we have presented in the work plans of the different club directorates.

At 20 years and growing to serve as we serve to grow, it is time to focus on “Service to Change Lives” - In order to change the world, you have to put your head together first. I appeal to all my colleagues – Members of the Rotary Club of Kasangati

to be very intentional about building capacity to serve as a strategy to sustain our Club. Let us not just open our eyes but let us also ensure we have vision as aptly put “It is a terrible thing to see and have no vision” – Helen Keller

I extend my sincere gratitude to Rotarians, Rotaractors and any aspiring for these categories and are present here with us. Great many thanks to all the members of the Club .... I have learnt a lot and even with my recent engagements with the Installation Committee, it has been great learning together! Our partners and friends of Rotary that

have turned up for our 20th Installation today, we appreciate you.

My sincere appreciation to our AGE Kaziro Kyambadde who graciously sowed seed with a gift of UGX 1,000,000 to RC Kasangati to kick-start Service Projects during RY 2021/22. As a Club we need to grow and multiply this seed several-folds.

I offer my special thanks to my dear brother Hon. Aggrey Bagiire our Chief Guest – who I take this opportunity to invite to consider becoming a Rotarian, my family members and Senior Leaders in the Rotary fraternity.

“

*It is now, my pleasure and privilege to serve as the 20th President of the Rotary Club of Kasangati.*

”

# ENVIRONMENT, AGRICULTURE, ENERGY, & PROJECT MANAGEMENT

We are an audacious sustainable development planning and environmental and social safeguards consultancy firm. We have built a resolute brand that meets current national and international professional standards, and we are excited about growth prospects in the industry in Uganda and across the East African region. The discovery of oil and gas, for example, the growth in infrastructure projects and academic scholarship in environmental and agricultural science present tremendous opportunities. Our work is anchored on a dedicated, skilled and certified team of environment, social, health, safety, and agricultural experts who lead our practice in the market. The team has worked on several environmental, social, health, safety, and

agricultural projects both small and large across Uganda and the region and gained significant experience in the areas of our specialty. When you do business with us, you do not only receive services but a partnership for business growth, profitability and impact. We pride ourselves in upholding good business practices, and our unique, quality services delivered with full observance of ethics and professional values, give us leverage in the market.

We envision to being a leader in sustainable development, project management, environmental, agricultural and social safeguards services provision in Africa. Our mission is to provide efficient, profitable, quality and sustainable project management, environmental, agricultural, and social safeguards solutions that apply current technologies and innovations to our clientele

*Our services are offered on a wide range of projects, from roads and associated infrastructure projects, hydropower development, heavy construction works and heavy mineral mining, oil and gas development, estate development, textiles, steel mills, hotels, breweries, food factories, to transport and logistics management; focusing on five core areas.*

- CORE AREA 1: ENVIRONMENTAL MANAGEMENT**
- CORE AREA 2: PROJECT PLANNING AND MANAGEMENT**
- CORE AREA 3: ISO CERTIFICATION**
- CORE AREA 4: OCCUPATIONAL HEALTH AND SAFETY**
- CORE AREA 5: RESEARCH AND POLICY ANALYSIS**

# WHO IS PAUL NAMPALA?

PE Paul, has been a Rotarian for 7 Years having joined in 2014, as a Member of the Rotary Club of Kasangati. He attained PHF status and has served the Club in

various capacities; as proactive member to all Directorates of the Club, Fundraising Officer, Public Relations Director, Cancer-Run Officer and Vice-President, and now taking on the presidency for the Rotary Year 2021 / 22.

Born to Mr. and Mrs. Samuel and Fridah Basalirwa (in Bugodi, Waitambogwe, Mayuge district), Paul was raised in a family of many siblings, including our Guest of Honor today. Growing up with over 20 siblings, was to a great extent nurturing ground that shaped PE Paul's ideal of service above self).

Paul is happily married to Flavia Nampala and the couple is blessed with 4 children – Aquila, Abigail, Aaron and Apphia. He is a family man and always makes time to prepare a “Daddy-Special” for the family.

Paul is a scholar with several prestigious awards including the Welcome Trust Public Engagement Award and the World Economic Forum Science Presentation Award. He is a holder of BSc. Agriculture, Masters of Science (MSc.) Entomology, PhD (Ecology), Masters of Public Health (MPH) and a Postgraduate Diploma in Biostatistics. He is an alumni of Makerere University, University of Liverpool, University of London (Imperial College), Mwiri and Namasagali College, among others.

With an academic career spanning several classifications, Paul has had opportunity to make significant contributions in the fields of Agricultural Research, Public Health and Nutrition as well as Statistics.

*Paul & Mrs Flavia Nampala*

*Aquila, Abigail, Aaron and Apphia with Mum and Dad*

*Member of the National Cancer Run Committee RY 2019/2020 to date*

He has focused on higher education, research and training as well as rural development.

Paul is widely travelled and has been to all continents, worked in 38 countries in Africa during his tenure as the Grants and Research / Innovations Manager for the Regional Universities Forum for Capacity Building in Agriculture (RUFORUM).

Very passionate about science and its application in developing interventions to create solutions for society challenges. Previously worked with the Uganda National Council for Science and Technology (UNCST) as well as the Uganda National Academy for Sciences (UNAS).

Currently, Paul is engaged as Senior Lecturer at the Uganda Christian University, Faculty of Science and Technology, Department of Biology and Agricultural Sciences (DABS). He also serves as Independent Consultant with Geotropic Consults and Scholarly Works Associates as well as Director for Strategic Planning with Bereans School. He is also the Associate Editor of the African Journal of Rural Development and the African Journal of Crop Sciences.

Paul is very zealous about mentorship, capacity building and discipleship of young people especially at institutions of higher learning – particularly universities. He strongly believes in the Law of Addition – “Leaders add value by serving others”. As explained by John Maxwell we add value to others when we truly value them and intentionally make ourselves valuable to them. He says, “90 percent of all people who add value to others do so intentionally.” It is this intentionality that Paul carries and radiates in his world of service to society that blends aspects of mentorship, capacity building and discipleship.

Paul is a versatile and avid reader; enjoys playing chess, skipping, leisure walks and swimming. After admission to University of Liverpool, Paul quit (albeit painfully) being a fan of Manchester United and joined Liverpool fans ... he now surely believes that “You Will Never Walk Alone”! Back home and with my other Classification (Entomologist), I am happy with “The Caterpillars” – also known as Onduparaka FC.

Rotary

THE BEST WAY TO FIND  
YOURSELF IS TO LOSE  
YOURSELF IN THE SERVICE  
OF OTHERS.
